

FOREST SHUFFLE

DARTMOOR

EXMOOR

COMPONENTS

55 cards:

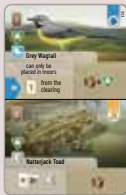

12 terrains (moors)

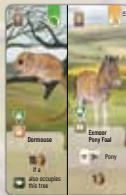

5 caves

8 shrubs

19 cards split
top and bottom

11 cards split
left and right

All expansion cards show the **new type symbol** .

The rugged landscape of Exmoor with its steep cliffs and vast moors is home to numerous plants and animals. Against this unique backdrop, you will discover familiar as well as plenty of new features.

SETUP CHANGES

Shuffle the base game cards and the 50 expansion cards together. Then, based on the player count, **return cards** to the game box **unseen**:

with 2 players → 70 cards*

with 3 players → 40 cards*

with 4 players → 25 cards

with 5 players → 10 cards

***Hint for two players:** Instead of counting cards to remove at the start, shuffle all cards, divide them into 3 equal piles and remove 1 unseen from play; **with three players**, form 5 piles and remove 1 unseen from play.

In step 7 of setup, use the **new caves** instead of the base game ones.

CLARIFICATIONS

Play the game according to the base game rules. Note the following clarifications:

Dragonflies: With the Golden-Ringed Dragonfly, there are now 6 different dragonflies to collect in the game.

Ponies: Dartmoor Pony, Exmoor Pony, and Exmoor Pony Foal are all considered to be ponies.

THE NEW SYMBOLS

New type symbol

Exmoor expansion

Effect and Bonus

Add a  card from the clearing to your forest at no cost, without using its effect and bonus. If there is no such card in the

clearing, add cards from the deck to the clearing until you either find one or drew 3 cards total. If there is still no such card in the clearing, you get nothing from this effect.

Add 3  cards from the clearing to your forest at no cost, without using their effects and bonuses.

If there are not enough cards in the clearing, add up to 7 cards from the deck to the clearing. If there are still less than 3  cards in the clearing after doing so, take and play as many as you can.
